

No Man Is Stronger Than His Stomach

The statement that no man is stronger than his stomach will appeal to every man who has ever suffered from stomach trouble. He will remember the growing feeling of weakness until he was hardly able to crawl around, and could work only occasionally, and then with difficulty. The danger of dyspepsia roots in the fact that when disease attacks the stomach and other organs of digestion and nutrition the whole body must be the sufferer, for when the stomach is diseased and the digestive processes are imperfectly performed, there is a sure loss of nutrition which is felt by every organ of the body.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes strong men because it makes "strong" stomachs, and enables the proper digestion of food and the perfect assimilation of the nutrition contained in the food.

"I have taken six bottles of 'Golden Medical Discovery' and four or five vials of the little 'Pellets,'" writes Mr. A. J. Vanderwater, of 873 West Division Street, Chicago, Ill. "I am happy to say they have done me worlds of good. These medicines have made a great change in me; from a slow mope of a man that could hardly crawl, tired and sick all the time, could do no work, to a man who can work, sleep, eat and feel fine, and that tired feeling all gone away. 'Golden Medical Discovery' and little 'Pellets' have almost made a new man of me. I feel young as I did at thirty years."

Accept no substitute for Dr. Pierce's Golden Medical Discovery. There is nothing else "just as good" for disease of the stomach and other organs of digestion and nutrition.

Dr. Pierce's Common Sense Medical Adviser, the best of modern medical works, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Need More Religion.

An exchange remarks that the people who need more religion are the men who let his horse stand all day exposed to the sun, rain and insects; the man who grows like a bear with a sore head when his wife asks him for money; the woman who whispers around that some other woman is not what she ought to be; the preacher who is always looking for an easier place at a higher salary; the man who walks the streets with his hands in his pockets while his wife carries the baby; and the man who keeps a dog and says he cannot afford to take his home paper.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by McRoberts Drug Store. The Real "Yellow Peril."

Last winter, when, among those of the Russians who were not hoping for war and the defeat of their own country, I inquired the grounds for their contemptuous underestimate of the Japanese, I scarcely ever got for reply more than the citation of Russia's one hundred and thirty millions of population, her possession of one-seventh of the dry land of the earth, and the Cossacks. The discussion usually closed with the assertion: "One Cossack can whip ten of those little yellow monkeys."

This faith is based partly on the impression which the Cossacks made upon western Europe as long ago as the Seven Years' War, and which was heightened by their disorganization of Napoleon's retreat from Moscow. Napoleon himself pronounced them perfect masters of partisan warfare, furious in attack and impossible to reach and said that he did not remember having made a prisoner of a single one of them. Finally, he had the Cossacks in mind when he warned Europe that, unless checked by such a powerful unit as he had sought to construct, Russia would enslave the world. That Napoleon's prediction has not been forgotten may be inferred from the recent assertion in various quarters that the real "yellow peril" is the possibility of the organization of the Mongolian races by Russia, and that a Slavic Jenghis Khan may direct a new Golden Horde against the West—October-Century.

OFFICIAL CALL

Democratic Primary Election for the 18th Senatorial District, Saturday, Dec. 3.

At a meeting of the Democratic Executive Committee of the 18th Senatorial District of Kentucky, held at Danville, Ky., on Monday September 19, 1904, present J. F. Holdman, of Lincoln, W. M. Gooch, of Garrard, R. G. Evans, of Boyle and C. P. Montgomery, of Casey on motion of C. P. Montgomery elected secretary of meeting.

The following resolutions were adopted by said committee:

Be it resolved by the Democratic Executive Committee of this 18th Senatorial District of Kentucky:

- 1 That a primary election be held on Saturday, Dec. 3rd, 1904, in all the voting precincts in the 18th Senatorial District of Kentucky, at the regular voting places, between the hours of 6 o'clock a. m. and 4 o'clock p. m. for the purpose of selecting a democratic candidate for State Senator from said district in the General Assembly of Kentucky.
- 2 All democrats, who are residents of said district, and who are legal voters or who will be legal voters at November election, 1905, are permitted to vote in their respective precincts and are invited and requested to do so.
- 3 Every candidate who desires to have his name printed on the ballots to be used in said primary must deposit with Chairman of said committee, on or before 12 o'clock—midnight 15 days before the date of holding said primary, the sum of \$500, to be used in defraying the expenses of holding said primary election, and at the same time making said deposit each candidate must give written notice to said Chairman that he desires to be a candidate at said election, and notice to the Chairman shall be notice to the Committee.
- 4 In all counties having cities in which the law, enacted by the last General Assembly of Kentucky, requires the registration of voters, the chairman of the county committee thereof is authorized and directed to cause the names of democrats registered at the last general registration, to be copied into separate books, as well as such democrats who become of legal age and qualified voters at the November election, 1905, as is required by law.
- 5 Said election shall be held, in all respects as is required by law for holding regular primary elections, and a uniform ballot shall be used in every precinct; and the chairman of this committee is hereby authorized and directed to cause to be printed, bound and distributed to the various chairmen of the county committees, one for each county, the form of ballot, and the directions to be followed by the chairmen of the county committees at the election.
- 6 The democratic county committee of each county shall appoint the officers in each precinct to hold the election, and they are to be selected from lists furnished by the candidates and to be as nearly equally divided as possible. The officers of said primary election, when the polls are closed, proceed at once to count the votes cast for each person for said office, and after counting the votes, they will return the ballots to the boxes, sealing up the boxes, and the sheriffs of the election precincts will, within the next two days, carry and deposit the boxes with the chairman of the county committee at the county house in the respective counties. The officers of election at each precinct will make a written statement of the number of votes cast for each person voted for, for said office, and will place said statement in an envelope in the respective ballot boxes.
- 7 The precinct ballot boxes and all returns are to be made to the chairman of the county committee, and if he is not in the county, to the secretary of the county committee, at the court-house, in the time required by law to wit: Within two days after said election.
- 8 And on the next day after said returns have been made, the county committee shall meet and canvass the returns, and certify the same to the chairmen of the district committee, which district committee shall on Saturday, Dec. 10th, 1904, at 10 o'clock a. m., in the city of Stanford, Lincoln county, Kentucky, meet and canvass the returns, declare the result and issue a certificate of nomination to the successful candidate.
- 9 The chairman of this committee is directed to give public notice of this election, as is required by law and without delay.
- 10 In the event there is a surplus remaining after defraying the expenses of said primary, it shall be turned over to the various county committees compelling the districts to be used for legitimate purposes in promoting democracy's cause; and if there should be a deficit, then the candidates shall be assessed to supply said deficit. Provided, however, if no more than one candidate shall have complied with the conditions herein imposed, by Nov. 15th, 1904, then the chairman of the district committee is directed to reconvene the committee, as soon thereafter as practicable at Stanford, Kentucky, and to declare such candidate the regular nominee of the democratic party for said office, and to issue to him a certificate of nomination, and the primary election herein ordered will not be held.
- 11 The order on the ballot in which the names of the candidates who may enter this primary shall be printed, shall be determined by lot.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking **FOLEY'S KIDNEY CURE** at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and **FOLEY'S KIDNEY CURE** should be taken at once.

G. B. Burham Testifies After Four Years.

G. B. Burham of Canisteo, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of **Foley's Kidney Cure**. It entirely stopped the brick dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend **Foley's Kidney Cure** to any one suffering from kidney or bladder trouble."
